

Use your graphing procedure reference sheet to graph the following information (data).

A man decides to measure the amount of ice left as time passes while an ice cube is melting.

<u>Time (min)</u>	<u>Block of ice (cm³)</u>
10	70
20	60
30	50
40	40
50	30
60	20
70	0
